

A Better Story

FCCNH 2022 ELDER MEDITATIONS

13 DECEMBER 2022

Ne'e Le'au

SHOW ME

On the subway, in the street, on the stoop, in my space,

They tell me you are danger. Show me.

Prove it. Be it. Make 'em right.

They are yelling and telling me that where you are from, makes you who you are.

THEY are telling your story. They are telling your story. THEY are telling YOUR story.

Tell yours. Sell yours. Be yours.

I SEE.

I bought it. They sold it. I can't return it.

You proved it. I see it. I feel it.

A Handshake, a smile, a dap, maybe two.

Your day is hard. You sling the drudge. For simple things. Just like me.

God moves your step with Kindness, Courage, Compassion, and Love. Just like me.

On the subway, in the street, on the stoop, in my space. Just like me.

I SEE.

HE sees. Just like we.

The better story is that we have hope that we will be able to see beyond our differences. There is hope in the Christ story that God is in all of us. Try and find God in others. May peace be with you and your family always and especially during this Advent season.
